# U.S. FLAGS, SHIELD **TO ARMENIANS**, ARE **Targets** for Turks

Torn From Mission Buildings by Shots in Attack Led by German Officer.

The Turks and Kurds are waging a toly war of extermination on the Arsenians, amording to sixthen nonbers of the American Board of you tion Missions, who arrived from Van. Turkey, on the Swedish steamer Helte Otav to-day

Earnest Yarrow, one of the tole elonaries, told how the Armenan population of Van, numbering glob held out against 5,000 kunds and a Turkish company commanded !-German from April 20 to May 17. when the Bussians arrived and relieved the town.

"We had six American and two Red Cross flags," said Mr. Yarrow, "and we flew these over the mission but they were not respected by either of the combatants. The Turkle company arrived three or four day before the Russian rollef came, an the shrapnel from the Turk guns to: down all of our flags.

"We sheltered large numbers of Armenian women and children, but as soon as the Turks and Kurds had been driven away from the town virtually all of the Armenians turned out to loot the Turkish houses and duplicate the atrocities that had previously been practiced upon the Armenians. It was with great difficulty that they were restrained.

Mr. Yarrow said many of the Armenians were suffering from typhus and other diseases, and when he left the conditions almost everywhere in Armenia were terrible. Half of the missionaries were taken ill during the siege, and six of them died. Mr. Yarrow said that many of the atrocities practiced by the Kurds on the Armenians were indescribable. He confirmed all of the reports of outrages which have reached the United States and said that only a portion of the real story has been

### Read This Story of a "War Bride's" Profits, of Wealth Over-Night; of a Desperate Boy Who Won a Girl and Saved His Self-Respect

America Is A COUNTRY OF WONDERFUL ACCIDENTS. A Brickmoon Is the Mayor of St. Louis. An Humble Jew Becomes Governor of Idaho. An Eating Station Waiter Is Governor of Arizona. A Cowboy Is Mayor of Chicago.

A young woman of our acquaintance owned ONE THOUSAND SHARES of Baldwin Locomotive common stock.

On the third day of March, this year, she needed money badly. She could not wait for her stock to rise in value.

She did not wish to obtain a loan from her bank on this stock, for they would not lend her its full current value.

So she persuaded a fairly prosperous young man of her acquaintance to take the stock off her hands at 27. On Tuesday of this week THIS LUCKY AND FORTUNATE YOUNG

MAN sold the thousand shares of Baldwin at 124. Since March 3 Baldwin has become a "WAR BRIDE" stock and the young man who bought then, and has sold now, is between NINETY-SIX AND NINETY-SEVEN THOUSAND DOLLARS winner above his original

He did not wish to buy the stock in March. It was only a fair investment, but he saw an opportunity to help his friend without losing any

money for his Samaritanism. His accidental entry into the stock market has made him a fortune.

Just such "accidents" as this one we have cited make the United States the amazing country that it is.

Men have stepped from the white-hot heat of blast furnaces into the occupancy of Fifth Avenue mansions or entire-floor apartments of the costly New York hotels.

In no other land in the world can the turn of life's wheel produce such marvelous winnings.

Young Mr. Weeghman, who owns a hundred restaurants, the Chicago Federal League ball team and much real estate, used to serve hundreds of moderately prosperous Chicagoans with "ham and" or coffee and rolls as a waiter in a "Loop" eating place. To-day he could buy and sell a hundred of his former patrons put together; perhaps several hundred of them.

George Hunt, who went out to Arizona as a waiter in a Harvey eating house on the Santa Fe R. R., to-day is the GOVERNOR of Arizona, besides being quite prosperous outside of politics.

An humble Jewish emigrant to Idaho amassed a fortune and is to-day the Governor of the State—the second Jewish Governor in the history of the American nation.

Henry W. Kiel, the able Mayor of St. Louis, is an efficient brickmason who worked at his trade, became a contracting builder and is now one of

the most capable municipal executives in America. William Hale Thompson, the new Mayor of Chicago, was, like Roose-

velt, a cowboy and ranchman. And there are THOUSANDS of other big men active in American life to-day who are competent and capable and well-to-do "ACCIDENTS"but accidents nevertheless.

When you go to see a remarkable play like "ROLLING STONES" at the Harris Theatre in West Forty-second Street, you will be actually SEEING just such a fascinating and engrossing story as these stories related above which make the American nation and American LIFE the thrilling, impulsive, get-to-the-top daily dramas that they ARE.

In "ROLLING STONES" you see a youngster ousted from his boarding house. He cannot pay his bill. You see him stuff his revolver in a pocket and go out into the highways for a victim.

You see him hold up another young man who is about to commit suicide off the Clark Street bridge in Chicago.

Our highwayman's first victim is a boyish young fellow without a nickel; a victim who has gone without food for days.

And THEN—just like the wonderful, topsy-turvy drama of our amazing country— hin twenty-four hours we find two penniless and recently hungry men IN FULL CONTROL AND OWNERSHIP OF A BIG AND PROFITABLE BUSINESS; equipped with their own private secretaries, clothed in the best of fashion, buying their own motor cars and headed straight down the road to matrimony, "hitting" on all six

If some one said to us to-morrow: "Show us a play as wonderful as America," we would take him into the Harris Theatre to witness "ROLLING STONES" and rest content with his verdict.

For, in "ROLLING STONES" there is not a dull or morbid moment. It is NOT a "crook" play.

It provides everyone who witnesses it with A WONDERFUL ADVENTURE IN OP-TIMISM AND LAUGHTER. It shows you how men can start and have started from nothing and by work

and honesty grow great and powerful.

It is the kind of play that will make almost everyone in the house turn to his or her seat-mate and say: "Don't you remember when old man Collins down our street made \$15 a week. Now he's worth a million."

Or, "Just like that Stegmeier boy in OUR street, who had nothing but his ambition and his nerve and now HE is worth a quarter of a million.

Of course, as all of you know, such things as these DO happen; not once or ten times, but HUNDREDS AND HUNDREDS OF TIMES.

And these are just a few of the reasons why you should telephone to or call at the Harris Theatre and reserve seats for "ROLLING STONES." You really cannot afford to say late in the winter that you failed to see this en-

grossing play by Edgar Selwyn. It drives its way into your liking and good graces with the force of a pneumatic
